Vyatihar 2.0 — TechExpo Edition

How to open (Windows)
1. Unzip the package to a folder.
2. Open the folder and double-click 'index.html'.
3. If the file doesn't open in Chrome, right-click > Open With > Google Chrome.

Demo flow: Home → Login → Profile → Dashboard → AI Match → Earn Coins

Notes:
- No installation or npm required. The app runs via React + Tailwind CDNs.
- All data is saved locally in your browser (localStorage) for demo purposes.
- Documents folder contains presentation script and this README.
